Artistic Silver

TIMELESS DESIGN. FIRST CLASS CRAFTMANSHIP. UNIQUE SERVICE. ALL MILESTONES IN OUR COMPANY´S HERITAGE

Quality Silversmith since 1939 SPAIN

CUSTOM GOTHIC AMBRY (ST. PETER'S CATHEDRAL, BELFAST):

Our latest creation, recently installed in April, 2009 is another example of the finest workmanship we offer you. With colossal dimensions and a total height of nearly nine feet, this ambry was developed and manufactured entirely in fine brass in order to match the rest of the altar appointments (Tabernacle, Evangelarium and Altar Cross) supplied by us to St. Peter's Cathedral over the last few years. The intricate design of the columns was machined with precision from the finest solid brass and the whole piece was thoroughly hand crafted to the highest standards by our master silversmiths.
Not in vain, this piece is meant to house the three oil stocks of majestic size needed for the Cathedral's services. Other highlights include ninety four pieces of special beveled glass held together by a delicate frame structure commissioned on a "one off" basis and custom lighting. All these features make this unique piece a work of art in its own right and a further proof of the pride we take in providing our clients only with the highest degree of perfection.
A tradition that has been maintained intact through generations.

Past Altar & Tabernacle Projects:

- St. Peter's Catholic Church, Montgomery, AL
  - o CSS was called upon to renew the spiritual environment of St. Peter's with an embellished decorative scheme, as well as a new altar, ambo and baptismal font. The font, altar and ambo are inspired by the architecture of the church and incorporate marbleizing, gilding and stained oak. The original high altar, formerly white, has been gilded, burnished and glazed to serve as a beautiful backdrop for the liturgy.
- Sacred Heart Cathedral, Rochester, NY
  - o CSS was commissioned to restore the decorative painting of the interior, the historic tabernacle, the polychrome statuary and other liturgical objects for the 1927 Gothic-style Cathedral. Studio artists restored failing polychrome paint on the sixteen life-size angel figures that stand at the base of the ceiling beams and on the tabernacle inherited from St. Philip Neri Church. ■

Art & Statuary Services:

Conrad Schmitt Studios creates inspiring statuary and sculpture in a variety of media and styles. Because of their unified artistic approach to environments, CSS designers are uniquely capable of creating artwork that not only is meaningful, but also coordinates with its surroundings in style, color, placement and scale.

CSS uses statuary, sculpture and other art to add visual interest and meaning to buildings and landscapes. Other three-dimensional designs produced by the Studio include custom furnishings and fitments, as well as custom replications of historic light fixtures.

For new sculpture or statuary, the Studio's talented design team works with the clients to research and identify appropriate, uplifting artistic themes. Through sketches and models, they assist in visualizing the artwork in its intended environment.

Statues can be designed to be wall-mounted or freestanding, and pedestals can be created in any size or style. Bronze statuary, ideal for outdoor installations, is designed by CSS and usually cast in Europe via the traditional lost wax method. Various patinas can produce different effects and coloration for bronze artwork. Wooden sculpture lends itself to expressive and allegorical subjects, such as life or community stories.

The Studio is recognized for its expertise in the conservation and restoration of antique statuary. This includes seamlessly reattaching broken pieces and re-creating missing parts. Artwork frequently is provided as a component of interior design and restoration projects, for a more harmonious resulting environment. ■

Water Structures LLC is a custom baptismal font manufacturer whose products can be found in Catholic Churches throughout the world. Water Structures is able to provide professional services and products because it specializes in factory built custom designed baptismal fonts. Many of the Catholic community's most prominent Liturgical designers and architects use Water Structures custom baptismal fonts and equipment because they want to provide their customers with a guaranteed leak proof proven product. They know that site built baptismals using risky waterproofing systems like plastic membrane, welded metal or concrete can develop leaks in the short or long term.

Water Structures LLC provides Auto Cad shop drawings, factory water testing of baptismal shells and equipment, optional factory installations, and a ten-year no leak limited warranty. Clients also benefit from our professional service department that knows your font and equipment.

If you are considering building a baptismal font, we would be pleased to discuss the possibilities with you or your design professional. ■

The ornate interior includes three altars and a highly decorated apse ceiling with gold mosaic. There are also several murals, the largest of which is 3100 square feet, which needed to be painstakingly conserved. Artisans removed decades of candle smoke residue and restored the walls' plaster substrate. Artists painted, stenciled, gilded and glazed from the soaring domes to the baseboards.
- Basilica of the Sacred Heart on the campus of the University of Notre Dame, South Bend, IN
  - o CSS conserved 116 stained glass windows in the Basilica of the Sacred Heart on the campus of the University of Notre Dame. These windows were originally executed by the Carmel du Mans studio in Le Mans, France in 1873. The windows suffered from areas of bulging, deteriorated lead, cracked pieces of glass and faded paint. ■

In addition, social and intellectual fellowship is promoted among members through a variety of educational, charitable, religious, community welfare, and public relief programs and initiatives.

The organization's history shows the foresight of Father McGivney, whose cause for sainthood is under consideration by the Holy See. A humble parish priest, Father McGivney's ideals have helped families obtain economic security and stability through fraternal programs for more than 125 years. Beyond this, the Knights of Columbus contributes time and money worldwide to service to the Church and their communities. Last year, Knights contributed $143 million and 68 million volunteer service hours to worthy causes across the globe.

The K of C has more than 1.7 million members in some 13,000 local councils throughout the United States, Canada, the Philippines, Mexico, Poland, the Dominican Republic, Puerto Rico, Panama, the Bahamas, the Virgin Islands, Guatemala, Cuba, Guam and Saipan. ■
